SOURCE (OR PART OF THE FOLLOWING SOURCE):

Type	Dissertation
Title	Clinical and molecular insights into human parechovirus infection
Author	K.S.M. Benschop
Faculty	Faculty of Medicine
Year	2009
Pages	216
ISBN	978-90-8-891-112-5

Table of contents

Chapter 1	General introduction	7
Part I	**Clinical relevance**	
Chapter 2	Human parechovirus infections in Dutch children and the association between serotype and disease severity. *Clin.Infect.Dis. 2006.* ***42****:204-210.*	33
Chapter 3	Rapid detection of Human Parechoviruses in clinical samples by real time PCR. *J. Clin. Virol. 2007.* ***41 (2)****: 69-74.*	49
Chapter 4	Human parechoviruses as an important viral cause of sepsislike illness and meningitis in young children. *Clin Infect Dis. 2008.* ***47(3)****:358-63.*	65
Chapter 5	High prevalence of Human Parechovirus genotypes in the amsterdam region and the identification of specific HPeV variants by direct genotyping of stool samples. *J. Clin Microbiol. 2008.* ***46 (12)*** *3965-70.*	79
Chapter 6	Clinical characteristics of human parechoviruses infections 4-6 in young children. *Ped.Infect.Dis.J. Accepted for publication.*	97
Chapter 7	Detection of Enterovirus and Human Parechovirus genotypes from clinical stool samples: PCR and direct molecular typing, culture characteristics and serotyping. *Manuscript in preparation.*	109

Part II. Phylogeny and evolution

Chapter 8 Fourth Human Parechovirus Serotype. 131
*Emerg.Infect.Dis. 2006.**12**:1572-1575.*

Chapter 9 Widespread recombination within human parechoviruses; analysis of temporal dynamics and constraints. 141
*J.Gen.Virol. 2008. **89**: 1030-35*

Chapter 10 Comprehensive full length sequence analyses of human parechoviruses; diversity and recombination. 155
Submitted for publication.

Summary and discussion

Chapter 11 Summary 177

Chapter 12 Discussion 183
