Contents

7 Introduction
7 The relevance of chimpanzee research
9 History of the research project
10 Outline of the thesis

13 1 The Study Region and a Brief History of the Bili Project

53 2 Reactions of Chimpanzees to Humans in Relation to Their Distance from Roads and Villages

73 3 Chimpanzees (*Pan troglodytes schweinfurthii*) in the Northern Democratic Republic of the Congo Adapt their Long-Distance Communication Behavior to Human Hunting Pressure

93 4 Morphology, Distribution, Nesting, and Diet of the Bili Apes
94 Section 1: What exactly are the Bili apes?
96 Section 2: Distribution and density
109 Section 3: Tree-nesting behavior
122 Section 4: Feeding habits
139 Section 5: Acknowledgements, references, appendices

151 5 A Chimpanzee Mega-Culture? Behavioral Continuity Across the Northern Democratic Republic of the Congo
156 Section 1: Introduction
184 Section 2: Ground nests and leaf cushions
212 Section 3: Smash sites
235 Section 4: Other traditions?
241 Section 5: How far does the proposed northern DRC Mega-Culture extend?
255 Section 6: Acknowledgements, references, appendices

269 6 Trade in Orphans and Bushmeat Threatens One of The Democratic Republic of the Congo's Most Important Populations of Eastern Chimpanzees *(Pan troglodytes schweinfurthii)*
Originally published in *African Primates 7(1): 1-18 (2010)*

287 7 Summary and Conclusion – What Have We Learned from the Bili-Uele Chimpanzees? And What Will Become of Them?

295 Samenvatting

297 Acknowledgements
