About The Cover

The cover map was generated using a Geographical Information System (GIS) marketed by the Environmental Systems Research Institute, (ESRI) Redlands, California, USA. The map of Europe showing a gradient of the total pre-war Jewish population around centroids for each country was built in ARC/INFO under the auspices of Margaret Maizel, Director, Integrated Information Systems, Vantage Point Network, LLC., Fort Collins, Colorado. The technique of integrating statistics (vertical bars showing the total Jewish population and the death toll as a proportion of that population for each country) with landscape information is known as data fusion. The three dimensional perspectives produce a distortion in the latter statistics and in the shape of the country maps.

WHERE DID ALL THE MONEY GO?

The Pre-Nazi Era Wealth of European Jewry
